

Smart and innovative: The new Panasonic HMs700 series

Power over Ethernet (PoE)

- › For maximum connectivity thanks to standard CAT5 wiring
- › Only one cable needed (power and Ethernet)
- › Up to 100m distance from source

Security & Connectivity

- › Open communication can only succeed with the highest possible protection against unauthorized access

OPC UA

HTTPS

CORVINA CLOUD

Wide variation of mounting

- › High flexibility for installation
- › VESA, Wall, Tube, Gooseneck, Table mounting

Fanless

- › Passive cooling
- › Protection against dust, oil and splash water
- › Low maintenance
- › Noiseless

Wi-Fi Connection

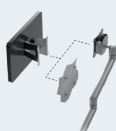

- › Ease of installation and use
- › Wireless access for employees and customers
- › Connection to the internet

Full IP67

- › Ideal for mounting with a swivel arm directly to the machine
- › Reduces costs

Applications

VESA mounting

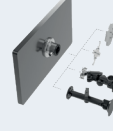

Gooseneck mounting

Tube mounting

Wall mounting

Multi-use mounting

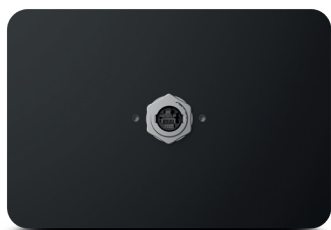

Table stand for mounting

HMs700 series – smart & innovative

The HMs700 series teams the consumer world of smartphones, tablets and PCs with the robust industrial grade demands. The complete encapsulation enables the HMI to be installed directly in the process under difficult environmental conditions without an additional housing cabinet.
